M1 STAGING NEEDS CONFIRMATION

The 2022 riding guide describes staging at the Historic Barracks Corrals and warns of poor trailer parking/turning farther down the road. [E05]
Marker is an approximate search area, not a confirmed legal entrance.

M3 BAY BILL CANYON

The historical riding approach follows the East Fork Virgin River corridor. Check owner/manager access, gates, river conditions and room to turn horses. Flooding and narrow terrain need a separate go/no-go decision. [E05]

M2 BELLY OF THE DRAGON

A hiking tunnel carrying drainage, not a verified horse route. Tourism coordinates conflict; pin is approximate. Do not use this landmark as proof of trailer parking or horse passage. [E07]

WATER & POSITION LIMITS

River water is unverified for supply, quality and stock access. Carry a plan that does not depend on it.
M1/M3 are area references, not exact turning points. No canyon route line has been traced from prose.
