PLANNING DRAFT / 07 OCT 2026 / Water, permissions & rig fit not field-verified / Blue streams are not refill promises / GeoPDF: main map only

R1 BASE & WATER

Ranch advertises potable water for people and horses, corrals and rig stays. Confirm tank-fill permission, supply and rig placement with the host. [E01] Reference pin is not a hydrant or gate. Ranch: 323-347-9185

CONTACT STATION WATER

BLM lists drinking water at the Paria Contact Station, not White House campsites. Bulk filling and trailer turning are unverified; no exact water outlet pin has been invented. [E04]

ACCESS & CANYON HAZARDS

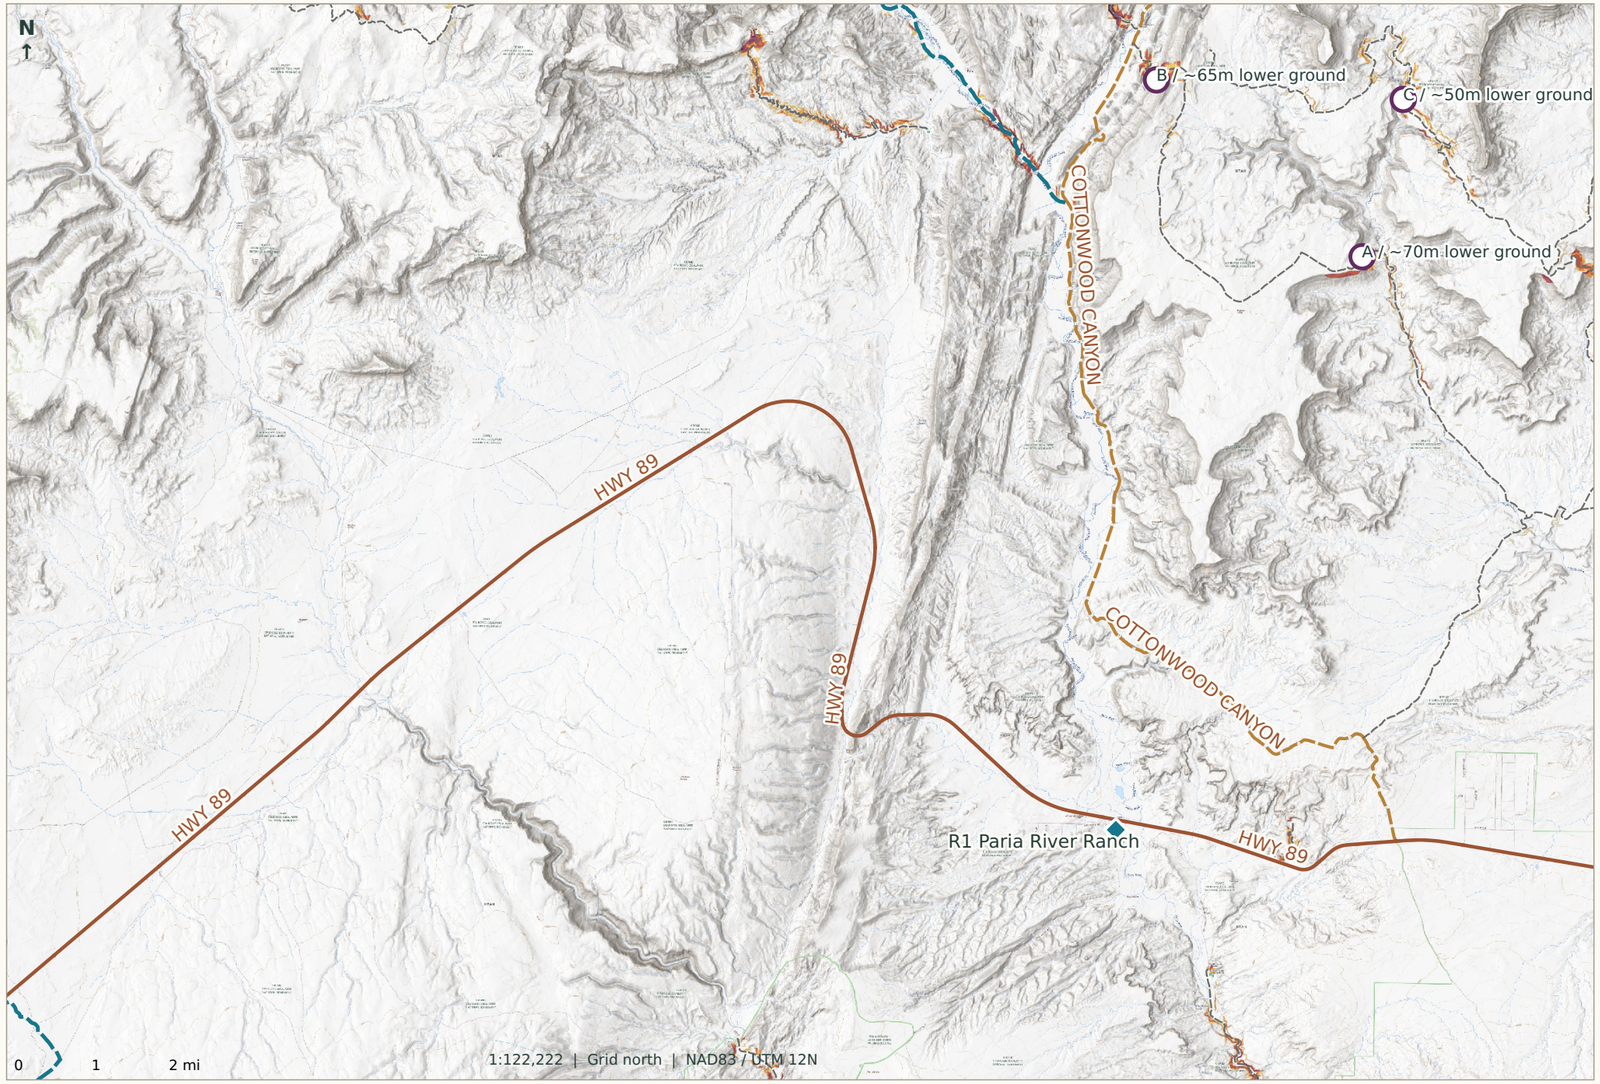

Old Paria access: the 2022 horse guide warns about the steep, washboard exit with a trailer. Treat as a historical warning, not a present road rating. [E05] Check flood conditions and restrictions for each proposed canyon ride.

TRAILS ARE PLANNING LEADS

Teal dashes: HorseAllowed=Yes in UGRC. Gray dashes: horse use unresolved. The ranch route list is not permission for every public-land segment. Paria Canyon has conflicting use context. No complete ranch riding loop is verified.

08 OCT 2026 / PLANNING DRAFT / Slopes are terrain cells, not trail tread; exact cliff edges unknown / GeoPDF: main map only

A / about 70m lower ground nearby

Lower ground within 100m; not a vertical cliff height.

B / about 65m lower ground nearby

Lower ground within 100m; not a vertical cliff height.

MODEL LIMITS / 15.0m output cells

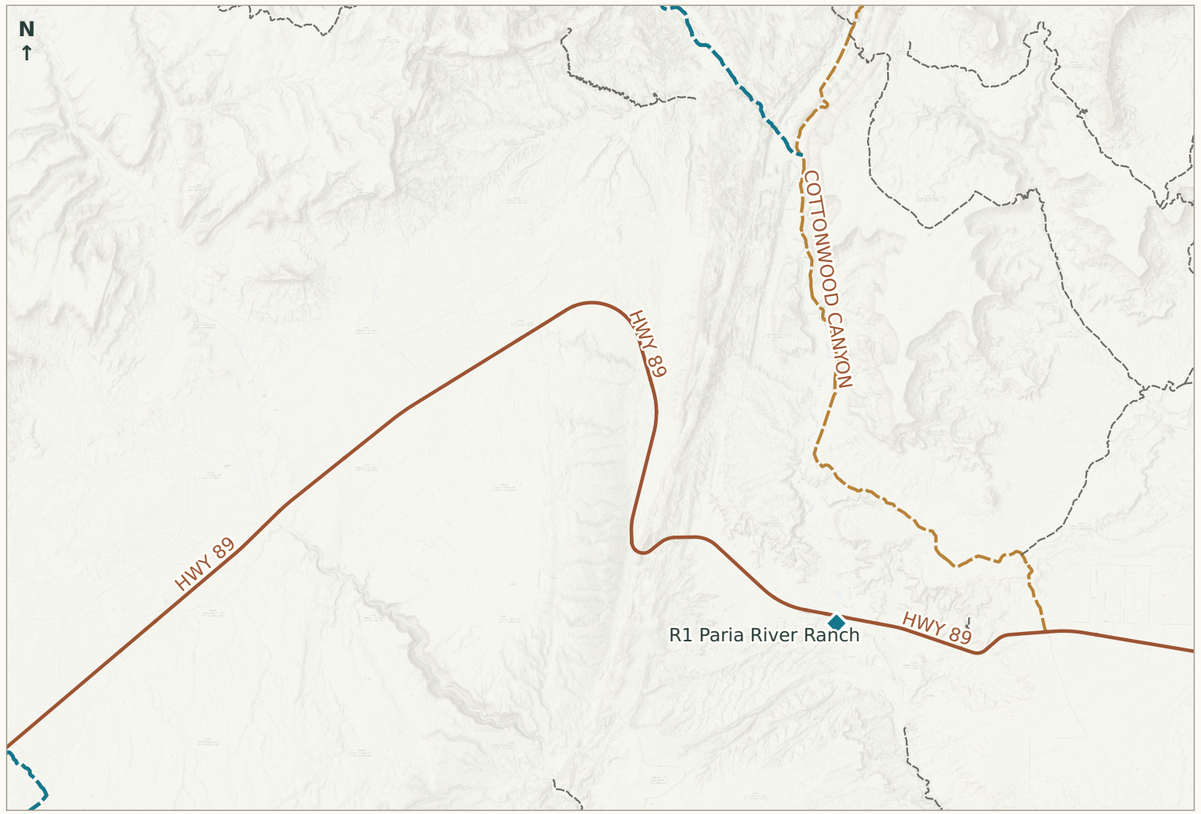

A-C: review sites on all mapped paths; horse use varies.
Trail benches, edge clearance and footing are unresolved.
Snow / mud can change traction; no safe grade is assigned.
Teal: published horse use; gray paths: unresolved.

TRAIL GRADE: not measured here.
SIDE SLOPE: color is surrounding terrain.
EXPOSURE: nearby lower ground is a screening clue.

Nominal 500m cells; ESA input 1km. DLR 2000-2025; ESA through 2023.
Average of source medians; method partly unreproduced. Not snow depth or a daily/trip probability. Zero typical cover does not mean no snow.
Not locally validated; small summer patches may be artifacts.

RANCH / BOOKED HORSE CAMP

The private ranch advertises horse camping. Book with the host; confirm rig placement, stock water and tank filling. [E01]

PUBLIC LAND HAS DIFFERENT RULES

Grand Staircase-Escalante: free overnight permit. Paria Canyon wilderness: separate advance overnight permit; no motor vehicles. Neither establishes a horse-trailer campsite. White House is car / walk-in camping. [C10/C11/C13]

BOUNDARIES ARE CONTEXT

Pink: private land. Blue: state trust land. Do not cross or camp without the applicable permission. Blank outside Utah is unmapped, not open land. Ownership is not a legal campsite or route-access inventory. [C01/C12]

1992-2024: 292 reported fires in the detail rectangle; October: 11.
Discovery month counts, not trip probability. Zero records do not mean zero risk.

AUTHORITY / DATED RESTRICTION CHECK

AUTHORITY / PARCEL MATTERS

BLM Paria River District governs nearby BLM land. Private ranch land follows host conditions and applicable Kane County / Utah rules. Paria Canyon wilderness prohibits campfires. Fire response departments do not define these permission boundaries.

RESTRICTIONS CHECKED OCT 9

Paria BLM Stage 1 restrictions ended Sep 4; Utah lifted Kane state / unincorporated-private Stage 1 restrictions Sep 4. No replacement seasonal order was listed in checked indexes. Standing BLM fireworks / explosives prohibitions remain.

OCTOBER OUTLOOK / CHECK BEFORE TRAVEL

NIFC issued Oct 1: normal significant fire potential for southern Utah, Oct-Jan. Normal does not mean no fire. Next issue Nov 2. Check current orders, exact campsite rules and daily conditions; future monthly bans are unknown.
