FIRE PREVENTION ORDER: UT-020-2026-11
Rescission of Stage 1 Fire Restrictions

Purpose: Recent and forecasted weather patterns have resulted in diminished wildfire potential, significantly reducing the wildfire hazard within the Paria River District and allowing for the **rescission** of Stage 1 Fire Restrictions. Accordingly, Fire Prevention Order [UT-020-2026-08](#) is hereby rescinded.

This rescission applies only to the specific prohibitions outlined in the aforementioned Stage 1 Order. All year-round fire prevention orders, including the permanent prohibition of fireworks and exploding targets on Bureau of Land Management (BLM) administered lands, remains in full force and effect. Additionally, this Order does not supersede any other active fire or resource-related restrictions currently implemented by the District.

Effective Date: This order is effective beginning Friday, September 4, at 12:01 a.m.

Authority and Scope: Pursuant to Department of Interior [Title 43 Code of Federal Regulations § 9212.1 \(h\)](#), this order includes Bureau of Land Management administered areas, lands, roads, waterways, and trails, within the State of Utah under the jurisdiction of the Paria River District in Kane and Garfield counties.

Year-Rounds Restrictions Still in Effect: The prohibited acts below are set forth in Fire Prevention Order Number UT-914-25-001.

1. The use/discharge of explosives of any kind, incendiary or chemical devices, pyrotechnic devices, exploding targets, pressurized containers or canisters, and binary explosives.
2. The use/discharge of any kind of fireworks as defined by this order.

Definitions:

1. Fireworks include, but are not limited to, any device which produces noise, smoke, showers of sparks, or movement by combustion or explosive materials. These explosives are defined by the U.S. Department of Transportation in 49 CFR 173. This definition includes all classes of fireworks.
2. Binary explosives include, but are not limited to, pre-packaged products consisting of two separate components, usually an oxidizer like ammonium

nitrate and a fuel such as aluminum or another metal. These binary explosives are defined by the Bureau of Alcohol, Tobacco, Firearms, and Explosives in 27 CFR 555.

Contact: If you have any questions or concerns regarding this Fire Prevention Order, please contact BLM Utah Public Affairs at [blm ut external affairs@blm.gov](mailto:blm_ut_external_affairs@blm.gov) or call: 801-320-8255.
