PLANNING DRAFT / 07 OCT 2026 / Water, permissions & rig fit not field-verified / Blue streams are not refill promises / GeoPDF: main map only

R1 BASE & WATER

Ranch advertises potable water for people and horses, corrals and rig stays. Confirm tank-fill permission, supply and rig placement with the host. [E01] Reference pin is not a hydrant or gate. Ranch: 323-347-9185

CONTACT STATION WATER

BLM lists drinking water at the Paria Contact Station, not White House campsites. Bulk filling and trailer turning are unverified; no exact water outlet pin has been invented. [E04]

ACCESS & CANYON HAZARDS

Old Paria access: the 2022 horse guide warns about the steep, washboard exit with a trailer. Treat as a historical warning, not a present road rating. [E05] Check flood conditions and restrictions for each proposed canyon ride.

TRAILS ARE PLANNING LEADS

Teal dashes: HorseAllowed=Yes in UGRC. Gray dashes: horse use unresolved. The ranch route list is not permission for every public-land segment. Paria Canyon has conflicting use context. No complete ranch riding loop is verified.
