D1 / D2 LOSEE & CASTO

Published trailhead and horse-use data identify riding leads. Trailer parking, turnaround dimensions and dispersed campsite permission remain unverified. A trailhead is not an approved camp. Casto includes motorized-use segments.

D4 COYOTE HOLLOW WATER

Seasonal nonpotable hydrants for horses only; supply may run out in late summer/fall. Confirm before arrival. Recreation.gov describes backup water at Red Canyon Campground; confirm fill access and operation. [E03]

D3 THUNDER MOUNTAIN

Outlined sample: 1m terrain slopes. Amber: 30-45 degrees; purple: 45+. Gray inside sample: no terrain data. Hillside slope is not trail grade or an exact cliff boundary. Outside the sample no 1m slope check is shown. USFS reports exposure; original sheet is 404. [E06/E18]

D5 TOM BEST ROAD

Road lead, not a confirmed campsite. Current snow, mud and camping orders need checking. Historic order expired May 2026; neither closure nor permission is established by it. [E16/E19]
